This fish must be over 28" and must be kept with the tag fully clipped in its lower jaw. The heaviest fish of the day wins \$1,000. Ties are broken by the longest fish on your teams stringer. The clipped fish also counts toward your 5 fish stringer and must be entered in the app in the manner noted below. Big fish must be brought in by boat and weighed before 5:15pm. If you keep a fish to weigh you must take it after the awards ceremony.

12. Measuring and Photo Documenting:

 - i. **Mandatory Measuring Process:** The nose must clearly touch the bump of the measuring board and the belly should face you. Pinch or move the fish's tail so it crosses the nearest ¼" line. The tail must touch the line to be counted as that ¼". If it does not touch the line, round down to the next ¼".
- e. **All entries must include:**
 - i. **One picture of you holding the fish**
 - ii. **One picture of the entire fish on the board – only this picture will be used to determine length**
 1. The fish can have an open or closed mouth, and a pinched or non pinched tail. The nose must clearly touch the bump of the board. 1/2" will be deducted if the fish is not in contact with the front of the bump board.
